

The Best Potential of Me is We!

- Prejudice is a great time saver; it enables one to form opinions without bothering to get the facts.
- Society is like the turtle, the only way it can get ahead is to stick its neck out.
- The world must learn to work together, or finally it will not work at all. (Eisenhower)
- When a man is wrapped up in himself the package is usually pretty small.
- It is a law of human life, as certain as gravity: To live fully, we must learn to use things and love people—not love things and use people.
- Now this is the Law of the Jungle—
As old and as true as the sky;
And the Wolf that shall break it must die.
For the strength of the Pack is the Wolf,
And the strength of the Wolf is the Pack. (Kipling)
- If you trust, you will be disappointed occasionally, but if you mistrust, you will be miserable all the time.
- People can be divided into three groups:
Those who make things happen,
Those who watch things happen,
And those who wonder what happened.
- Times such as ours have always bred defeatism. But there remains, nonetheless, some few among us who believe man has within him the capacity to meet and overcome even the greatest challenges of the time. If we want to avoid defeat, we must wish to know the truth and be courageous enough to act upon it. If we get to know the truth and have the courage, we need not despair. (Einstein)
